Billing taxonomy number

Healthy Blue providers should be aware that the billing group taxonomy number is a required field when submitting claims to Healthy Blue. Failure to include the provider's billing group taxonomy number will result in claim rejections. The billing group taxonomy number should match the provider's Nebraska Medicaid enrollment profile.

Healthy Blue providers are encouraged to visit Maximus at <https://www.nebraskamedicaidproviderenrollment.com> to review their Medicaid enrollment profile to ensure all data is correct.

As a valued provider, we truly appreciate your participation in the Healthy Blue network. We look forward to our ongoing partnership to provide high-quality, cost-effective healthcare to the communities we serve.

If you have questions about this communication or need assistance with any other item, contact your local Provider Relations representative or call Provider Services at **1-833-388-1406** Monday to Friday from 8 a.m. to 9 p.m. CT.
