

2023 Nebraska Pay for Quality Provider Incentive Plan

Through our Pay for Quality (P4Q) program, we reward you for helping us meet HEDIS® quality measure standards. The goal of our program is to target Healthy Blue members who need one or more HEDIS-measured procedures or visits completed during the 2023 calendar year. Program objectives are to improve targeted clinical quality results, promote safe and effective patient care, and increase preventive care services for our members.

The HEDIS measures along with your potential 2023 incentives are as follows:

Frequently asked questions

When can I expect to receive my incentive payments?

There will be one incentive payment for 2023. The payment is scheduled to be made in July 2024.

How can I expect to receive my incentive payment?

If you are currently enrolled in electronic funds transfer (EFT), you will receive your payment via EFT. If you are not currently enrolled in EFT and receive mailed checks, you will receive this payment via the U.S. Postal Service.

Who is eligible to participate in this program?

Only those PCPs not participating in another provider incentive agreement are eligible to participate in this program.

If I am not the member's PCP, can I still receive the incentive?

No, only the member's assigned PCP is eligible to earn the incentive.

How will Healthy Blue know if I provided one of the services above?

Incentives will be determined based on claims data received. It is imperative that you bill using the appropriate CPT®/HEDIS-compliant code in order to ensure an incentive payment.

How does this information feed into the Opportunity Report I am receiving?

Our incentive plan and *Opportunity Reports* are directly related. The incentive is only payable for those members who appear on the report and receive the specific services identified in the report.
