<b>Reimbursement Policy</b>	
Subject: <b>Sterilization</b>	
Policy Number: <b>G-06163</b>	Policy Section: <b>Surgery</b>
Last Approval Date: <b>06/29/2022</b>	Effective Date: <b>06/29/2022</b>

\*\*\*\* Visit our provider website for the most current version of our reimbursement policies. If you are using a printed version of this policy, please verify the information by going to <https://provider.healthybluene.com>. \*\*\*\*

**Disclaimer**

These policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement if the service is covered by a member’s Healthy Blue benefit plan. The determination that a service, procedure, item, etc. is covered under a member’s benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member’s state of residence. You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with CPT® codes, HCPCS codes, and/or revenue codes. The codes denote the services and/or procedures performed. The billed code(s) are required to be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our policies apply to both participating and nonparticipating providers and facilities.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, Healthy Blue may:

- Reject or deny the claim.
- Recover and/or recoup claim payment.

These policies may be superseded by mandates in provider or state contracts, or state, federal, or CMS requirements. System logic or setup may prevent the loading of policies into the claims platforms in the same manner as described; however, Healthy Blue strives to minimize these variations.

Healthy Blue reserves the right to review and revise its policies periodically when necessary. When there is an update, we will publish the most current policy to our provider website.

**Policy**

Healthy Blue allows reimbursement of sterilization procedures performed for the purpose of rendering a member permanently incapable of reproducing unless provider, state, federal, or CMS contracts and/or requirements indicate otherwise. Reimbursement is based on the applicable fee schedule or contracted/negotiated rate **and** receipt of a state-approved consent form properly executed per state requirements.

<https://provider.healthybluene.com>

Healthy Blue is the trade name of Community Care Health Plan of Nebraska, Inc., an independent licensee of the Blue Cross and Blue Shield Association.

Healthy Blue considers reimbursement of sterilization procedures based on the following guidelines:

- The member has given informed consent by voluntarily signing the applicable consent form:
  - Not less than 30 and not more than 180 calendar days prior to the procedure. (If more than 180 calendar days prior to the procedure, a new consent form will be required.)
  - In the case of premature delivery or emergency abdominal surgery, not less than 72 hours prior to the procedure.

At the time the voluntary informed consent is obtained, the member must be:

- At least 21 years of age.
- Legally and mentally competent.
- Not institutionalized (for example, mental hospital or correctional facility).

Consent for sterilization cannot be obtained while the patient to be sterilized is:

- In labor or childbirth.
- Under the influence of alcohol or other agents affecting awareness.
- Seeking to obtain or obtaining an abortion.

The applicable *Sterilization Consent Form* must be submitted with claims for professional and/or facility services. If a **valid** consent form is not received, the claim may be rejected or denied. A valid consent form has to be properly executed and include all required signatures:

- Member or member’s authorized representative
- Interpreter, if applicable
- Person obtaining the member’s consent
- Physician performing the sterilization procedure

If a sterilization procedure is performed in conjunction with a delivery, then multiple surgery guidelines apply (refer to the Healthy Blue Multiple and Bilateral Surgery policy).
